

CLAIM IS A FIVE LETTER WORD:

WHAT HAPPENS WHEN IT HAPPENS TO YOU?

It's been said that there are two types of design professionals — those that have been sued and those that will be.

- What are common sources of claims against design firms?
- How can you try to prevent them?
- What happens and where do you turn when you face a claim?

Approved by AIA for 3 HSW Credits

Please RSVP by February 18th to cking@profunderwriters.com

PLEASE JOIN US FOR A FREE CE PRESENTATION ON RISK MANAGEMENT FOR DESIGN PROFESSIONALS

TUESDAY, FEBRUARY 25, 2020

9:00 AM - 12:00 PM

HALL & EVANS, LLC

**1001 17TH STREET, SUITE 300
DENVER, CO 80202**

Participants in this course will:

- Learn how it is alleged that a design firm created or perpetuated a hazard that impacts the public.
- Consider what happens when unsafe conditions are allowed to continue on a construction site.
- Hear about emerging concerns related to security awareness in the built environment.
- Take away tips for preserving your business relationships, even in the face of a claim.
